A trip to discover the origins of the history of our beloved island, Sicily, where we can admire the testimonies of the Greeks.

Once in the Valley of the Temples, we will be enchanted by the wonderful Greek temples: the Temple of Juno, the Temple of Concord and the Temple of Hercules. But our guided tour continues up to the majestic Temple of Zeus and his Telamons. But thanks to the Arabs, the Valley of the Temples is enriched by a dense colorful vegetation, also characterized by olive trees and madorleti. Furthermore, what makes it suggestive are also the Girgenti goats and the garden of Kolymbetra.

Agrigento by Night allows us to admire the illuminated Valley of the Temples: a breathtaking spectacle and not to be missed this experience.
